## An Outreach activity to aware students of different institutes on Gender Sensitization

A **Gender Sensitization Program** was organized by the Department of Physics, in collaboration with IQAC and the Women's Cell, Vijaygarh Jyotish Ray College. It was an online program through the Google Meet, conducted on November 30, 2021 at 6:00 P.M. in the evening. **Total Number of Participants: 100.** The welcome address was delivered by Dr. Rajyasri Neogy, Principal, Vijaygarh Jyotish Ray College, who nicely set the tune for the following discussion. Debashis Chatterjee, Head of the Department of Physics introduced the speaker. The speaker, **Ms. Debdatta Chowdhury**, an Assistant Professor in Gender Studies at the Centre for Studies in Social Sciences, Calcutta, delivered an excellent talk titled "Gendering Education", with an emphasis on gender issues in the field of higher education. There was a huge number of participants from various sectors, students, teachers from different institutions and others. In a very lively discussion, the speaker made the participants aware of various aspects of gender related issues. The importance of the role of the National Education Policy was also mentioned. After an interactive session, the program ended with the vote of thanks from Dr. Sampa Debnath, the IQAC coordinator, Vijaygarh Jyotish Ray College. Feedbacks from the participants were also collected through a Google Form.

On 18.05.2021, an online gender sensitization programme was organized by Vijaygarh Jyotish Ray College in collaboration with S. AYAM.

## Proposal for Gender Sensitisation program with College 2020

### About Swayam

Swayam is a Kolkata based women's organisation committed to advancing women's rights and ending discrimination and violence against women and girls. Through our Direct Support Services, we facilitate the empowerment of women survivors of violence and enable them to become self confident, self sufficient and self reliant. Alongside, through our awareness building programmes we generate discussion, debate and action in the society to challenge social norms, values and systems that deem discrimination and violence against women and girls acceptable.

### Swayam's work with Youth

Swayam has had a long standing practice of collaboration with various educational institutions to promote gender equality. Swayam works with schools and colleges students since its inception to help them become sensitive towards the issues of gender, sexuality, patriarchy and so on, in order to enrich their understanding towards women's rights. Through our trainings, workshops and awareness programmes, we aim to groom students to become agents of change in their own spheres and become instrumental in ending violence against women and girls.

### Partnering with Educational institutions for long term awareness building programmes with Youth

We have experienced that working with youth can be immensely powerful as they represent the future and have the will to change the society they are living in. We aim to develop a program in partnership with colleges which will concentrate on taking young students through an empowering journey to develop their skills and challenge gender stereotypical behaviour. Through this collaboration, youth will gain experience and confidence, we will gain a fresh perspective on youth culture and together we can develop a more effective outreach. In this context we would like to propose following interactive programmes with your college.

- Interactive session with youth on topics like Gender equality, masculinity, domestic violence, cyber crime, sexuality, women's rights etc.
- Film screening and discussion
- Awareness programs with innovative gender games

Besides, we also organise 2 day gender training for fresh batch of college students where 2 to 3 participants from various colleges participate and build their understanding on gender issues. This training program is organised twice in a year.

Date: 19.4.2022, 20.4.2022, 28.4.2022, 29.4.2022

**Unnat Bharat Abhiyan (UBA)** is a flagship programme of the Ministry of Human Resource Development, with the intention to enrich Rural India.

It aims to create a vibrant relationship between the society and the higher educational institutes, and to provide the knowledge and technology support to improve the livelihoods in rural areas and to upgrade the capabilities of both the public and private organizations in the society.

Under this scheme, Vijaygarh Jyotish Ray College, Kolkata has adapted five villages in South 24 Pargana Zilla, namely Korangahut, Nalgora, Buria, Malanga & Mathurapur-II.

In these villages' teams of Faculty, Non- Teaching Staffs and Students were assigned to collect the data from every house in a village. The village level survey is collected from the Panchayat Secretary and Block Development officer of concerned villages. Students and faculty & Non-Teaching Staffs visit adopted villages very frequently and identify the problem prevailing over there.

Table No. 4 presents the Caste-wise distribution of households in these five villages. Here we see that most of the household are belong from General Caste population except Korongahut. At Korongahut, 80 % households belong from Schedule Castes. Only 2 % families belong to Scheduled Tribe category in all villages except Nalgora. At Nalgora, we did not find any Scheduled Tribe family in our sample size. We find here that 12 out of 50 families studied are from Other Backward Class in Mathurapur-II. In Malanga and Nalgora, OBC category comprises the same percentage (10%) and Korongahut have very few negligible percentage of OBCs. The village Buria has no OBC category household (in our sample).

Table No. 5 shed some light on the level of education of the surveyed population at these five villages. Here we distribute it in five categories: (i) Illiterate to class V, (ii) Class VI-Class X, (iii) Class XI- Class XII, (iv) Graduate and (v) Post-Graduate. At Korangahut, maximum percentage of respondents are found to be from the first category i.e., Illiterate to primary schooling. But, in the rest of the four villages, maximum villagers belong the group Class 6 to Class 10. The percentage of Post Graduate is very few in these villages and at Nalgora, there is no Post Graduate person.

### Source of Water

\*Source: Field Survey

Table No. 15 shows the different sources of water available in these selected villages. Here we see that maximum villagers are using purchased water and the rest of the households use water from Government Tube well. At Nalgora and Malanga, crisis is more. Some of households also use Private Tube well here and at Nalanga and Mathurapur-II, we see that there is also Private pump at few households. So, the crisis of water, especially drinking water is a major problem in these villages.

A SHG (Self-Help Group) is a community-based group with 12-25 members. Members are usually women from similar social and economic backgrounds, all voluntarily coming together to save small sums of money, on a regular basis. They pool their resources to become financially stable, taking loans from their collective savings in times of emergency or financial scarcity, important life events or to purchase assets. The above table shed some light on that whether these villages have the Self-Help groups. Except Malanga, in the rest of the villages, maximum respondents said that they are not a member of any Self-Help Group.

The Last Table (Table No. 22) represents the problems faced by the villagers most of the time. Here we mention about the five categories as: Road condition and availability, Availability and accessibility of Water (Specially Drinking Water), Problem of waste management, problem of financial support and Problem of Habitat loss. Here we see that there is a huge problem of availability of Drinking water in every village. Water scarcity limits access to safe drinking water and practicing basic hygiene at home etc. Water crisis affects mainly at Nalgora, Buria and Korangahut. The second major problem in these villages is problem of waste management. In general, in rural areas, waste is generated from agriculture, kitchen, garden, cattle sheds etc. In Korangahut and Buria, transportation problem and worse condition of road is another constraint. At Nalgora and Mathurapur-II, financial services is a problem as agriculture and other rural economic activities have characteristics of dependence on natural resources and vulnerability to multiple risks. At Nalgora, also Habitat loss is a problem and it is a primary concern of this village.

In a nutshell, the major problems are lying in Waste collection and management, Supply of Water specially Drinking Water and expansion of cultivable land and we have to solve these issues.

Subject: Identification of villages under the UBA program.

Dear Sir,

Ministry of Human Resources Development (MHRD), Government of India has launched the national program called Unnat Bharat Abhiyan (UBA), with the vision to involve professional and higher educational institutions in the development process of rural areas in the country to achieve sustainable development and better quality of life. Indian Institute of Technology, Hauz Khas, New Delhi has been designated to be the National Coordinating Institute by the Ministry.

Our college Vijaygarh Jyotish Ray College (AISHE CODE C-11846) has agreed to participate in UBA as a Participating Institute (PI). Dr. Prasenjit Das, Assistant Professor (Contact details- 9433285855; E-mail: pdmicrobio@gmail.com) has been duly authorized in this regard from our side to carry on the activities of UBA in our organization as Project Coordinator.

Under the UBA program every Participating Institute is to adopt a cluster of five villages in consultation with the Districts Collector. This is to bring to your kind notice that we have proposed the following villages in the district South 24 Parganas.

1. Nalgora
2. Malanga
3. Mathurapur-II
4. Korangahat
5. Buria

In view of the above the Project Coordinator may contact your officer for the purpose. We request you to please help and cooperate in the matter.

With regards

Your Sincerely
