Research & Development Policy

Research and development is the backbone for surviving in the ever-evolving dynamics of higher education. Therefore, in tune with that requirement, **Vijaygarh Jyotish Ray College** has a functional Research & Guidance Cell. It suggests the policies on Research & Development, in consultation with the IQAC, which is finally approved with modifications, if any, by the Principal and the Governing Body. The policy document of the college includes the following focal points-

1. To organize workshops, conferences, and seminars on recent trends in relevant fields of study as well as research methodology, plagiarism, IPR etc. to provide a conducive climate for research and development.
2. To provide information and news bulletins on research projects and research funding of national and international agencies.
3. To sensitize Departments and faculty on potential research and development spheres areas.
4. To establish an integrated and inter-departmental research environment to nurture research culture.
5. To facilitate collaborative research projects and activities with national and international institutions, industries, and other professional bodies for teachers and students (through project works/internships).
6. To encourage students to participate in poster and model competitions, quizzes, and debates, wall magazine preparation, and publication in departmental e-journals

Research & Development Policy

7. To encourage teachers to register for Ph.D. guidance
8. To motivate faculty and students to publish and present research papers/articles at various national and international conferences and seminars by providing appropriate financial grants.
9. To provide infrastructural facilities to Departments and faculty members in order to facilitate and promote research.
10. To identify financial and infrastructural resources in order to improve and strengthen research competencies.
11. To offer financial assistance (full/partial) to encourage the staff and research scholars to present research papers in conferences/seminars.
12. To encourage publication of books, research papers, etc., by providing financial assistance and infrastructural facilities.
13. To bring out research journals and books with ISSN or ISBN, as the case may be, in order to support the academic contribution of teachers and students
14. To provide infrastructural support and study leave as far as practicable to staff who register for their Doctoral Degrees.
15. To encourage Departments in the publication of conference proceedings with ISSN.
16. To offer research facilities to students by providing adequate infrastructure
