**Unnat Bharat Abhiyan** (UBA) is a flagship programme of the Ministry of Human Resource Development, with the intention to enrich Rural India.

It aims to create a vibrant relationship between the society and the higher educational institutes, and to provide the knowledge and technology support to improve the livelihoods in rural areas and to upgrade the capabilities of both the public and private organizations in the society.

Under this scheme, Vijaygarh Jyotish Ray College, Kolkata has adapted five villages in South 24 Pargana Zilla, namely Korangahut, Nalgora, Buria, Malanga & Mathurapur-II.

In these villages' teams of Faculty, Non- Teaching Staffs and Students were assigned to collect the data from every house in a village. The village level survey is collected from the Panchayat Secretary and Block Development officer of concerned villages. Students and faculty & Non-Teaching Staffs visit adopted villages very frequently and identify the problem prevailing over there.

The Last Table (Table No. 22) represents the problems faced by the villagers most of the time. Here we mention about the five categories as: Road condition and availability, Availability and accessibility of Water (Specially Drinking Water), Problem of waste management, problem of financial support and Problem of Habitat loss. Here we see that there is a huge problem of availability of Drinking water in every village. Water scarcity limits access to safe drinking water and practicing basic hygiene at home etc. Water crisis affects mainly at Nalgora, Buria and Korangahut. The second major problem in these villages is problem of waste management. In general, in rural areas, waste is generated from agriculture, kitchen, garden, cattle sheds etc. In Korangahut and Buria, transportation problem and worse condition of road is another constraint. At Nalgora and Mathurapur-II, financial services is a problem as agriculture and other rural economic activities have characteristics of dependence on natural resources and vulnerability to multiple risks. At Nalgora, also Habitat loss is a problem and it is a primary concern of this village.

In a nutshell, the major problems are lying in Waste collection and management, Supply of Water specially Drinking Water and expansion of cultivable land and we have to solve these issues.

# TREE PLANTATION DRIVE

"Someone is sitting in the shade today because someone planted a tree a long time ago". Inspired by the motivational quotes of Warren Buffet, the VJRC-NCC Unit stepped into action to enrich the flora around our respective homes. Due to COVID-19 restrictions, the whole country was at a standstill. Yet, this did not prevent VJRC-NCC cadets from enriching our environment. Under the guidance of Lt Shilajit Barua (ANO-VJRC), a 'Tree Plantation Drive' was held on 12 July, 2021. NCC cadets took the initiative to plant tree samplings at the vicinity of their residence in order to spread the message of green environment.

The rank panel carefully laid out a marking scheme for this exceptional mode for enrollment. The physical test was conducted and was assessed and selected by the PI staffs of the affiliating Battalion. This was followed by personal interview which was conducted by the rank panel under the presence of Lt Shilajit Barua (ANO, VJRC).
