Mentoring Report

Mentoring system is introduced in the institution with the sole purpose of catering to the needs of the students at academic and personal levels. Vijaygarh Jyotish Ray College is a Government aided College. Many students of the college are from economically weaker sections of the society and mostly from rural areas. They lack proper academic background and face financial constraints. Mentoring system is thus an essential feature to render equitable service to the students coming from different backgrounds.

Mentoring is a partnership between Mentor and Mentee. Mentors help young adult learners in their transitory phases and challenging times. It is based on mutual trust and respect. Mentoring system in the institute provides support to the students through advice and counseling, through friendship building, through re-enforcement and constructive role modeling.

Aims and Objectives:

1. To provide support to the mentee in devising action plan considering his/her goal and capabilities.
2. To identify slow learners and provide support and help to motivate them.
3. To guide and help individuals to develop their vision and goals for the future.
4. To enhance mentees' feelings of safety and belonging in the institute.
5. To enhance students' academic performance and regularity in attendance and motivation to learn.
6. To monitor drop-out rates and to motivate the mentees to continue studies to minimise drop-out rates.

Vijaygarh Jyotish Ray College has assigned every faculty member to mentor Honours & General students of odd and even semesters. During mentoring students' academic performance were discussed. Students' regularity and irregularity in attendance were discussed. Mentees' problems related to personal issues were also taken up and suggestions were made accordingly. Students were encouraged to take part in the different co-curricular activities. Slow learners were identified and given special help, encouragement and motivation. Advance learners were encouraged to reach their full potential.

Different programs were organised according to the issues raised in the mentoring process such as different counseling programs for life education, motivation, career opportunities etc. After COVID-19, we have organised so many programs online to reduce stress and improve mental health. Scholarships have been given to the students who are financially unstable especially after COVID-19 from our Student Aid Fund as well as awareness program has been organised on the scholarships given by Government.

Sample report of different programs, Mentor-Mentee list of 2020-21 and the Feedback taken on mentoring (2021) are given in this report.

Gender Sensitization Program

A program on gender sensitization was organized by the Women Cell of the college on 13th March 2019 in collaboration with SWAYAM. 58 students participated in the seminar.

Swayam is a feminist organization committed to advancing women's rights and ending discrimination and violence against women and girls, based in Kolkata. It works to end discrimination and violence against women, advance women's right and facilitates women empowerment.

The students were invited to participate in the program, in which they interacted with the representatives from SWAYAM. The students shared personal experiences of gender related violence and discrimination they faced at home and outside. The Swayam representative gave their valuable guidance and assured the students further help in this regard.

Given below are the participation list and pictures of the program.

Career Counselling Seminar

A career counselling seminar for 'Career Oriented Add-On Certificate Courses' was organized by the Placement Cell of the college from **30/07/2019 to 02/08/2019**. The purpose of the program was to encourage the students to enroll in various add-on courses that the college was offering in collaboration with various institutes to increase their skills and make them ready for the job market. The program was inaugurated by respected Principal of the college Dr. Rajyasri Neogy. The coordinators of the various courses informed the students about the syllabus and the job opportunities in that field. 338 students participated in the program. The pictures of the program are given below and the participation list is given in the following link.

Career Counseling Programme.

Career guidance gives the students an insight of all the options available as professions. It also helps the students to decide what to get trained in or what course to pursue to suit their abilities and passion best. Keeping this in mind the Department of Botany arranged a career guidance programme on **28th November 2019** at 2. P.M. The speaker in this program was Dr. Pritha Bhattacharjee, Assistant Professor of the Department of Environmental Science, University of Calcutta. Around 34 students participated in the seminar.

- 11) 63% students prefer Online mode in pandemic situation. But, many students can't prefer this because of the fact that they cannot interact with teachers, not only that they also feel boring.
- 12) Most of the students (71%) prefer to carry forward with the same subject in the PG level.
- 13) Most of the students (82%) said that mentoring process is beneficial for them as it helps them towards career enhancement, planning for further education, job etc.

14. Mode of Transport

Our college students mainly avail public transports like train, bus, auto rickshaw as mode of transportation to reach the college. Local students generally attain college by walking or use bi-cycle.

15. Time to reach College

The time duration taken by most of the students is 10 to 45 mins. Few of them who travel a long distance takes a duration of 1 to 1.5 hours.

16. Subject Selection

Students mainly opt their subjects as per their own interest. They basically try to enhance their knowledge as well as skill in the field of area of interest.

17. Interest part of the Syllabus

Students are not satisfied with the whole syllabus of their respective subjects. Some parts of the syllabus they prefer most and some parts are not. For example, students from Microbiology department prefer Virology, Genetics and Industrial Microbiology as a subject of interest. Similarly, Students of Philosophy highly prefer Indian Philosophy and Buddhist Philosophy.

18. Online teaching mode

Maximum students prefer online classes in Pandemic Situation. But, in generally, they denies this mode of teaching because of the fact that they cannot interact with teachers, not only that they also feel boring.

19. Academic help

Students prefer more face-to-face classes to understand the subject matter of each subject clearly. Students from practical oriented subjects suggest for more practical classes for better hand on understanding.

20. Self-judgement for improving the academic results

Most of the students believe that rigorous practice, continuous writings and group discussions are helpful for improving the academic results.

21. Continuation with the same subject in the Post-Graduation level

Most of the students prefer to carry forward with the same subject in the PG level. Some students prefer to study for competitive exams or directly apply for jobs.

22. Future career plan

Most of the students (mainly girl students) want to become teachers after completion of Ph.D work. Boy students want to have small business plan, love to invest or have a start-up of their own.

23. About Mentoring

Most of the students said that mentoring process is beneficial for them as it helps them towards career enhancement, guiding for future educational plan, job plan etc.
