

COMPETENCE

Report of the Competence Building Cell of Vijaygarh Jyotish Ray College

2017-2022

Vijaygarh Jyotish Ray College is situated in a colony area of South Kolkata in West Bengal. Except one, all other departments teach only undergraduate courses. The main goal of our college is to prepare a student more competent so that he or she can face the modern world in a convenient way. Students are taught according to the syllabus prescribed by the University of Calcutta. But apart from providing study materials or remedial tuitions, our college emphasizes that students should be encouraged to participate in all kinds of extracurricular activities, like, debates, quizzes, build models, posters, play music, act, dance and do all other activities. We in our college have developed this Competent Building Cell for encouraging students to participate in these activities.

The mission of our cell is to build up a community of students competent enough to face the world full of challenges. The students after passing out from VJRC should be fit for the society. The approach of this cell is to build up an assembly of competent citizens of India for the future.

The programmes organized by the Competence Building Cell:

1. A Model and poster competition was organized for the students of the college on the occasion of National Science Day on 28th February 2018. 32 Students of the science departments participated in the competition.

2. Intra Departmental model & Poster Competition on the occasion of National Science Day was organized by Vijaygarh Jyotish Ray College in collaboration with Science Association of Bengal on 28.02.2019. 28 students participated in that competition.
